VOL. 45.

ANOTHER MASSACRE OF JEWS IN RUSSIA

Indiscriminate Slaughter by Soldiers and Mob --Hundreds of Persons Reported Killed and Wounded.

(Associated Press.)
Siedlce, Russia, Sept. 9.—A massacre by police and soldiers began here at 8 o'clock on Saturday night.
Immediately afterwards the troops attacked the Jews.
All today the troops have attacked civilians, Christians or Jews, robbing and murdering them without discrimination.
Hundreds of persons were killed or wounded, and three streets devastated. Troops have surrounded the city and refused admission to it.

Jews Panicked.
Warsaw, Sept. 9.—In consequence of the massacre of Jews in Siedlce the Jews here are panicked. Alarming reports are being circulated throughout the city.

Slaughter and Pillage.
St. Petersburg, Sept. 10.—The predictions made in a dispatch of August 23rd of a Jewish massacre at Siedlce, Russian Poland, unhappily have been justified by the fighting which broke out Saturday night and developed yesterday into a carnival of indiscriminate slaughter and pillage in which the soldiers and mob took part.

Shot and Bayoneted.
In the streets of the town. Houses and shops were broken into and sacked. Valuables were carried off and offered for sale by soldiers to passengers on passing trains.

In addition to the Jews, a number of Christians and even some officers met their death in the fighting.
The number of victims has not yet been ascertained, but a conservative estimate places it at 140.
The Jewish fugitives who thronged the railroad station at Siedlce are in a state of panic.

Reports received here from Warsaw and other towns in the vicinity of Siedlce place the number of victims at several hundred.

The early reports of the Siedlce massacre put the responsibility at the door of the terrorists, but fugitives declare that the soldiers never would have been allowed to get so completely out of hand without the connivance or the actual directions of their officers.

The first reports received of the Bialystok massacre last June said the terrorists were to blame there also. It is difficult to obtain details of the trouble at Siedlce as the town was surrounded yesterday by soldiers and no body was allowed to enter. Passengers, however, who arrived at Warsaw during the night gave the following account of the slaughter.

After the murder of a policeman by the terrorists on Saturday night and the firing of a volley

by the troops into the assembled crowd, which resulted in the killing of two citizens and wounding of many more, the terrorists held a meeting and decided to exact vengeance by inaugurating a campaign against the police and

the troops, similar to the recent activity along the same lines in Warsaw. MORE
In the course of Sunday morning twelve patrols of soldiers were killed. As a result of this the Libau regiment, in a state of infuriated anger, left its barracks in the afternoon and marched into the Jewish quarters, shooting right and left as it went. The troops were joined by crowds of hooligans and wantonly destroyed everything they were unable or undesirous of carrying away.

The Sale of Booty
by the soldiers went on under the very eyes of their officers.
At a late hour in the afternoon the Kaluga regiment arrived on a special train from Biala and measures were instituted to put a stop to the pillaging. In spite of this, however, the shooting continued up to a late hour last night.

A correspondent of the Associated Press who was not able to get into Siedlce yesterday started for there a second time this morning.
Siedlce is a town of 30,000 people, half of whom are Jews.

Fire Adds to Horrors.
Siedlce, Russia, Sept. 10.—Six buildings in the big bazaar of the city are now in flames, adding another terror to the killing and pillaging which has been going on here for the last 36 hours.

Frequent shots and occasional volleys are still heard in different parts of town, but because of the general panic it is difficult to learn accurately just what is transpiring.
As far as it is possible to learn there have been up to the present time about sixty persons killed and 200 wounded. Hundreds of Jews are assembled today at the railroad station awaiting means of getting away, but the town is surrounded by troops

who do not permit exit or entrance. Field guns are posted on the principal streets.
There seems to be no doubt that the terrorists are responsible for provoking the massacre. By their fanatical demands and windows on Saturday against soldiers and policemen who were patrolling the streets.

Troops surrounded the houses from which this firing came and poured volleys through the windows and doors. This was followed by a search of the premises, which soon developed into wholesale plundering.

and subsequently into a massacre and slaughter throughout a large portion of the town.
Almost all the Jewish places have been looted.

Owners who defended their property were killed or wounded.
Any person seen leaving houses or looking out of a window was shot without mercy.

Five Hundred Casualties.
Warsaw, Sept. 10.—Artillery was used in Siedlce this morning.
Buildings on Plennka, Warsaw and Aliena streets have been destroyed.
According to reports received here 500 Jews were killed and 300 were wounded.

TRIBUTES TO THE HARVARD CREW

LONDON PAPERS PRAISE PLUCK AND SPORTSMANSHIP

Express the Hope That the Inter- National Races Become More Frequent.

(Associated Press.)
London, Sept. 10.—All the morning newspapers devote much space to reporting, commenting and editorializing on the Harvard-Cambridge boat race and while glorifying in the sustained pluck and sportsmanship of the Harvard crew, they also pay high tribute to Harvard's pluck and sportsmanship.

The Daily Mail says the Americans proved gallant losers and merited the adding: "It is pleasant to discover that there are some things, we of this side of the Atlantic can still hold as our own despite the steady loss of much of our best blood to the United States and the colonies."

The Daily News believes that the Cambridge victory was not so much that of men as of method and the well-known oarsman, R. B. O'Herrington Smith, writing for the Daily News says he feels convinced that Harvard has far more men in their crew than the Cambridge men and it taught by one of the few good English coaches

it would be hard to find a crew to beat them.
The Daily Telegraph in an editorial article says: "It was a most fortunate coincidence, after the regrettable circumstances which led to the suggestion that Americans in the future would not be welcomed at Henley, that Harvard should have overcome it this summer and shown Englishmen that there are true amateurs in America."

Guy Nickells, in the Morning Post, finds among the lessons taught by the race that "the days of the professional coach are over, for it is self-evident that a man who has never himself rowed in a really good eight cannot possibly teach reports men how to row or how to get a boat along in a way most advantageous to themselves. Wray had under him as fine a lot of men as ever sat in an eight. We have never seen greater physical perfection in any crew, yet they were not classed."

Mr. Nickells calls attention to the fact that the crew was not allowed to row themselves out in practice which is characteristic of every crew visiting England and always has fatal results. He says also that Harvard lost lengths and that she was not built on traveling lines.

The foregoing are fair samples of the tributes which are being paid to the Harvard crew, but all the writers hope that international races will become more frequent, and that Yale will send a crew to England if she wins next year at New London.

GOING TO KINGSTON.
(Associated Press.)
Woodstock, Ont., Sept. 10.—Rev. Canon Farthing, rector of the new St. Paul church in this city, has resigned to become rector of St. George's cathedral, Kingston.

PHILIPINO REPUBLIC

(Associated Press.)
Manila, Sept. 10.—Domingo Gomez, at a public rally yesterday declared that Britain, France and Germany would recognize a Filipino republic.
Gomez made the above declaration in response to a request for an accounting of money collected. He further said that the money had been used in sending a message to Europe to create a sentiment in favor of a Filipino republic and that favorable replies had been received.
Gomez late on Thursday was released from jail on bail. He was arrested on the charge of having slandered Governor Callias.

PROVINCIAL PREMIERS TO MEET FEDERAL MINISTERS

(Special to the Times.)
Ottawa, Sept. 10.—A conference of the provincial premiers with the Dominion government will take place in Ottawa on October 8th.
Notices to this effect have been sent the different premiers of the provinces. All the provinces will be represented.

THE LOOTING OF CHICAGO BANK

RECORD OF ALLEGED ILLEGAL TRANSACTIONS

Imprisoned Cashier Stated to Have Secured Over One Hundred Thousand Dollars in One Year.

(Associated Press.)
Chicago, Ill., Sept. 10.—Secret memoranda covering illegal transactions in the Stensland bank were found yesterday by police inspectors, among the effects of Frank Kowalski, the teller, whose suicide followed closely upon the disclosure of the bank's condition.

The record kept by him, it is alleged, indicated apparently that in less than a year Henry W. Herring, the imprisoned cashier, personally obtained \$100,000 of the money of depositors in the bank's vaults, which had remained unnoticed since Bank Examiner Jones took charge of the institution August 4th. When it was forced open, in the presence of attorneys representing Receiver Fetter, a bundle of forged notes was found, the existence of which had not been suspected and which will increase materially, it is believed, the total amount stolen from the bank.

There was also a memorandum in the handwriting of Stensland which tied closely with the memorandum of Paul O. Stensland's forgeries and which he left behind when he fled from Chicago. One of the forged notes was for \$5,000.

NEW TRIAL DENIED.

Former Insurance President Will Now Appeal to Supreme Court.

Minneapolis, Minn., Sept. 10.—Dr. Jacob Force, former president of the Northwestern National Life Insurance Company, must serve three and one-half years in Stillwater prison at hard labor unless the Supreme court grants him a new trial, to-day denied a motion for a new trial. Dr. Force was charged with having expended for his personal use large sums belonging to the insurance company.

LOCATED IN JAPAN.

H. W. Brick, Who Disappeared From Toronto, Is Expected to Be Arrested Shortly.

(Associated Press.)
Toronto, Sept. 10.—H. W. Brick, who left some weeks ago, a defaulter to the extent of between forty and fifty thousand dollars from the Henry Wampole Company, is said to be in Japan and his arrest expected daily. In addition to his shortage with the company by whom he was employed, Brick is said to be indebted to the Toronto Baseball Club, of which he was secretary-treasurer last season, to the sum of \$5,000.

MILLS MAY BE CLOSED.

Owners Unable to Find Market For Short Leaf Pine Lumber.

(Associated Press.)
Macon, Ga., Sept. 10.—At a conference of lumbermen in this city yesterday it was declared that the ruling out of short leaf pine lumber in northern and eastern cities had caused millions of feet of lumber to be piled up in those cities unsalable even at \$3 to \$5 per thousand feet under regular prices and that as a consequence at least a thousand mills in Georgia, Alabama and Florida are affected and many of them may close unless there is a reversal of the rulings.

BANQUET TO THE KING'S PHYSICIAN

MEDICAL FRATERNITY TO HONOR SIR WM. BROADBENT

Eminent Authority Praises Canadian Treatment of Consumptives— Believes in Fresh Air.

Almost the ideal of pictured John Bull in personal appearance, Sir Wm. Henry Broadbent, Bart., K. C. V. O., physician in ordinary to the King and Prince of Wales, although over 71 years of age, preserves the complexion, the carriage, the enthusiasm of a man of forty. On his present visit to Victoria he is accompanied by Lady Broadbent and Miss Broadbent. The party will remain in the city until Wednesday, returning to London via the Yellowknife park.

There were fifty-seven things on the bill of fare," he said this morning, "and all I wanted was some toast and a couple of eggs. But that was by way of introduction to a most interesting talk that covered many subjects, yet all ways returned to the white plague—consumption. The speaker, Sir Wm. Broadbent, is a most interesting talk that covered many subjects, yet all ways returned to the white plague—consumption. The speaker, Sir Wm. Broadbent, is a most interesting talk that covered many subjects, yet all ways returned to the white plague—consumption.

And this brings up the real question of the campaign against consumption. There are two things to be considered—prevention and cure. While some may not consider the latter a duty of the state, the former is taken by the state. In the direction of prevention that the health authorities can do the most efficient work. This has been emphasized in the campaign against consumption.

LARGE EXCURSION PARTY EXPECTED

TO VISIT VICTORIA ABOUT END OF MONTH

Arrangements Are Being Made to En- ertain Members of Canadian Manu- facturers Association.

Victoria will be visited by a large contingent of Canadian manufacturers, their families and friends towards the close of this month. They are expected to arrive on the evening of Monday, the 24th inst., and will stay here until Wednesday night. As the number included in the party reaches a total of over two hundred the reception committee of the Tourist and Development Association anticipate being kept busy entertaining their guests. A suitable programme in the course of preparation and when completed will be so arranged as to give the visitors a thorough insight into Victoria's natural beauty. It will not be the fault of those entrusted to represent the city as their hosts if they do not leave with a splendid idea of the hospitality of local citizens.

Secretary Cuthbert announces that a meeting of the executive of the Tourist and Development Association will be called for the purpose of endorsing the attractions that are contemplated for their benefit at an early date.

As has been announced in telegraphic dispatches the annual convention of the Canadian Manufacturers' Association will open on the 14th inst. in Winnipeg. Immediately after the conclusion of the business sessions the excursion party intending to make a tour of the Pacific coast will leave en route to British Columbia. The complete personnel of the party follows:

Mr. and Mrs. F. B. Allan, the Non-such Manufacturing Co., Toronto.
L. L. Anthes, Toronto Foundry Co., Toronto.
Geo. W. Armstrong, London Brass Works Co., London.
Geo. A. Baker, Platt, Lowndes & Co., Toronto.

Mr. and Mrs. C. C. Ballantyne, the Sherwin, Williams Co., Montreal.
Mr. and Mrs. R. M. Beal, R. M. Beal Leather Co., Lindsay.
C. H. Bechtel, Bechtel Bros., Waterloo.

Mr. and Mrs. Henry Birks, Henry Birks & Sons, Montreal.
Hugh Blain, Ontario Sugar Co., Toronto.
A. Bodenweiser, Bodes Gum Co., Montreal.

F. H. Burton, Burton & Spence, Toronto.
C. S. Blackwell, Park, Blackwell & Co., Toronto.
F. J. Campbell, Canada Paper Co., Windsor Mills.

Mr. and Mrs. A. H. Campbell, Ryall Screw Specialty Co., Montreal.
Mrs. F. D. Campbell, Montreal.
W. B. Champ, Hamilton Bridge Works Co., Hamilton.

S. H. Chapman, Ontario Wind Engine & Pump Co., Toronto.
J. Christin, J. Christin & Co., Montreal.
John and Miss Coates, Ottawa Gas Co., Ottawa.

Mr. and Mrs. Harry Cockshutt, the Cockshutt Plow Co., Brantford.
Mr. Harvey W., and Miss Helen Cockshutt, the Cockshutt Plow Co., Brantford.
Mr. and Mrs. E. F. Cooke, the Standard Engine & Pump Co., Toronto.

C. Dolph, the Metal Shingle & Siding Co., Preston.
E. A. Doolittle, Standard Meter Co., Orillia.
W. W. Mr. and Mrs. Dorin, Niagara Neckwear Co., Niagara Falls.

W. S. Duffield, Jno. McPherson Co., Ltd., Hamilton.
Mr. and Mrs. Dunn, International Harvester Co., Hamilton.
L. V. Dussan, Gendron Manufacturing Co., Toronto.

Mr. and Mrs. Ed. Falbairn, Ontario Wind Engine & Pump Co., Toronto.
Mr. and Mrs. F. B. and Mr. J. M. Fetherstonhaugh, Fetherstonhaugh & Co., Toronto.
Mr. and Mrs. John Finestbrook, Finestbrook Box Co., Toronto.

Mr. and Mrs. G. D. Forbes, the R. Forbes Co., Hespeler.
John Forristal, London & Petrolia Birell Co., London.
Mr. and Mrs. D. D. Fraser, Singer Manufacturing Co., St. Johns.

W. K. George, Standard Silver Co., Toronto.
Mr. and Mrs. W. J. Grant, Canadian Pacific railway, Hamilton.
Walter R. Gurd, Chas. Gurd & Co., Montreal.

Mr. and Mrs. R. C. Holden, Ames, Holden & Co., Montreal.
Mr. and Mrs. C. C. Holland, G. A. Holland & Son Co., Montreal.
Mr. and Mrs. C. B. Hunt, Hunt Bros., London.

Mr. Gordon and Miss Nita Hunt, H. T. Hunter, MacLean Publishing Co., Toronto.
Mr. and Mrs. Alfred Jephcott, Dominion Paper Box Co., Toronto.
Mr. and Mrs. Jas. Jephcott, Montreal.

Mr. Kent, the Seaman, Kent Co., Meaford.
H. O. Kerr, the Kerr Engine Co., Walkerville.
J. S. King, the J. D. King Co., Toronto.

Mr. and Mrs. H. Krug, the Krug Furniture Co., Berlin.
E. Long, the E. Long Manufacturing Co., Orillia.
C. D. McAlpine, Toronto.

Mr. and Mrs. John McLaughlin, McLaughlin & Sons Co., Owen Sound.
New York, Sept. 10.—The Cuban government steamer Maria Herrera, which has been loading ammunition here, sailed unexpectedly yesterday for Havana before completing her cargo. It was reported that that portion of her cargo which had been shipped was urgently needed.

HAMILTON CLERGYMAN DEAD.

(Associated Press.)
Hamilton, Ont., Sept. 10.—Rev. Thos. George, rector of St. Peter's church, died last night.

MORE ORE TO BE DRAWN FROM HERE

IRONDALE SMELTER WILL BE ENLARGED

J. A. Moore, the Purchaser, Intends to Increase the Output From Vancouver Island.

J. A. Moore, of Seattle, one of the men who is giving Seattle its place as a great commercial and industrial centre, was in Victoria yesterday. He came over, accompanied by his wife and child, on the Indianapolis, returning again by the same steamer yesterday afternoon. Mr. Moore is a Canadian, and no man in Seattle has greater enterprise under way than his. His trip was one of pleasure, and during their stay in the city they were guests at the Driad.

He has very valuable investments on Vancouver Island, both mineral and timber. The recent acquisition by him of the Iron Smelter at Irondale, which when it was in operation, drew a considerable portion of its supply from the iron deposits at Sarita, on the West Coast, is a fact of which he is very proud.

TO HONOR MINISTER OF INLAND REVENUE

Young Liberal Club Will Entertain Hon. Mr. Templeman To-Morrow Evening.

The executive of the Young Liberal Club have completed the arrangements for the dinner to be held to-morrow evening in honor of Hon. Wm. Templeman, minister of inland revenue. It will take place at the Victoria hotel, guests taking their seats about the banquetting board at 9 o'clock. After the inner man has been satisfied a programme consisting of musical selections, addresses, etc., will be introduced by the chairman.

Besides Hon. Mr. Templeman there will be present a number of politicians well-known in British Columbia. Ralph Smith, M. P., has accepted the invitation to arrive to-morrow in time to grace the affair with his presence. Wm. Sloan, M. P., also has been invited, but his attendance is doubtful. Senator Riley, the four local members of the provincial legislature and the president and secretary of the Victoria Liberal Association are among the guests expected. These gentlemen, it is understood, will all be given an opportunity to speak, so that the affair should prove, not only thoroughly enjoyable, but instructive to those wishing to keep in touch with matters of public moment.

LONG DISTANCE SWIMMING.

(Associated Press.)
New York, Sept. 10.—Twenty-eight contestants finished in the long distance endurance swimming race of the New York A. C. from Traverse Island to Huckleberry Island yesterday. The course in a straight line is one and one-half miles, but the swimming distance is about two miles. Fred Goodwin finished first in 46 minutes and 46 seconds.

MINERS RESUME WORK.

(Associated Press.)
Mahoney City, Pa., Sept. 10.—After being idle since September 1st, the thirty-nine colliers of the Philadelphia & Reading Coal Company and Iron Company, employing 30,000 men and boys, resumed work to-day.

A Swiss shepherd has begun a suit at Altdorf against a party of Swiss mountaineers, alleging that their singing started an avalanche which destroyed his flock of sheep.

HOW WOULD YOU LIKE

To go through the whole winter without a cough or cold? Did you ever do it before? If not, take Campbell's

ELIXIR OF GOD LIVER OIL

And feel right all winter. An excellent general tonic, but particularly valuable in lung and throat affections

FOURTEEN MEN HURT BY EXPLOSION

TWO SEVERELY BURNED, NOT EXPECTED TO RECOVER

Woman's Fatal Fall Downstairs—Stores and Offices Destroyed by Fire at Lacombe.

Toronto, Sept. 8.—James Wright, W. Cooper, Thomas Gardner, Aaron Heard, David Hardy, Elliott Batt, W. Webster, Thomas Dickinson, John Johnston, Edward Little, R. Creagh, Pat Galten, W. Mills and W. Dods, all employees of the Consumers' Gas Company, were badly burned this morning by an unexpected explosion due to oxide of iron, while they were lifting the lid of a purifier, which is a tank thirty feet in diameter and six feet deep, to clean out the "hog ore" and put in fresh material. The gas ignited and puffed out in the workmen's faces. Four were only slightly burned about the face and hands, but the rest are seriously burned, and two are not expected to recover.

Brakeman Killed. Toronto, Sept. 8.—W. Bowman, a brakeman on the C. P. R., was crushed while coupling cars at Swansea station this morning and died in a tank while being brought to Toronto hospital.

Fatal Fall. Toronto, Sept. 7.—Mrs. Mary A. Bird, of 5 Woodley place, got up last night to give her grandson a drink, and in the darkness fell downstairs. When picked up it was found her neck was broken, death resulting almost immediately.

Railway Commission. Calgary, Sept. 8.—The railway commission sat at High River on Thursday and heard the petition of the town of High River for a new crossing south of the present one across the C. P. R. right-of-way. Divisional Engineer N. E. Brooks, General Superintendent R. R. Jamieson, and C. P. R. Solicitor R. B. Bennett, were present to represent the C. P. R. Attorneys Bergeron and Bellache, championed the cause of High River. The contention of the C. P. R. was that if the crossing asked for was opened they would require to move their yards a considerable distance farther south and would need more land for this purpose. They were not prepared to open the one for which the town was asking unless the town would close another already in use. The case was not completed.

A Surgical Experiment. Medicine Hat, Alta., Sept. 7.—A very difficult operation was performed on

the Medicine Hat General hospital by Dr. C. F. Smith, assisted by Dr. C. E. Smyth and Dr. Woodlands. In the head-on collision here last Friday night Glover's back was broken, and the spinal cord mangled. No hopes of his recovery could be entertained unless the cord could be replaced, and this operation was undertaken yesterday, the spinal cord of a dog being used to take the place of the original one, for about an inch. The case is being watched with extreme interest by medical practitioners.

Annual Outing. Montreal, Sept. 8.—A party of 100 civil engineers, left Montreal by the C. P. R. this morning at 10 o'clock for the coast. Professor McLeod of McGill was at the head of the party, which included some of the leading engineers of Canada. The occasion is the annual outing of the Canadian Society of Civil Engineers.

Destructive Fire. Lacombe, Alta., Sept. 8.—Fire this morning burned out part of the downtown business section, causing \$100,000 damage. The places destroyed are: Adelphi hotel; Charles Atkinson, barber; J. F. Pole, bartender; N. I. McDiarmid, druggist; A. McCampbell, general store; C. L. Dairie, bartender; John McKenty, real estate; F. Tiltz, north, fruit and billiard room; Dr. Auger, dentist; J. H. Rose, druggist; C. R. Denike, jeweller; Morrison & Johnston, warehouse; B. Lindon, electrician.

POLICE INTERFERED. Prevented Demonstration Against Cardinal Merry Del Val.

Rome, Sept. 8.—Monsieur Aversa, apostolic delegate to Cuba, to-day was consecrated titular Archbishop of Sardis. The ceremony was performed at Castle Gandolfo by Cardinal Merry Del Val, Papal Secretary of State, assisted by Mgr. Kennedy, rector of the American college. Anti-Clerical societies had prepared to make a demonstration at the function against Cardinal Merry Del Val and the policy of the Vatican but the police interfered and forced them to hold their meeting in private.

THE CUBAN INSURRECTION.

Leader in Santa Clara States Conditions Under Which He Will Negotiate for Peace.

Havana, Sept. 8.—General Menocal declared to-day that the leaders of the rebellion in the province of Santa Clara had indicated that they would negotiate for peace on the basis of new municipal elections, a new general election, amnesty for all insurgents, and the appointment of a special commission to investigate the death of Congressman Villuendas, the national Liberal candidate for president, who was killed last year in a fight with the police at Cienfuegos.

Two more bridges on the Western railway were blown up last night. One was situated twelve miles east of Pinar del Rio, cutting off railway communication with Pinar del Rio.

RETURNS TO LONDON.

London, Sept. 8.—King Edward returned to London to-day from Marlborough.

NEW GENERAL OF JESUITS.

Francis Xavier Wernz selected to fill the important place.

Rome, Sept. 8.—Francis Xavier Wernz, a German, was to-day elected general of the Society of Jesus in succession to the late Father Martin who died last May. Following the election a messenger was immediately dispatched to the Vatican to inform the Pope of the choice which to be effective requires the papal sanction. It was learned that two ballots were taken before the final choice was made. At the conclusion of the decisive balloting, the announcement that a new General of the order had been chosen was communicated to the outer world by the ringing of a bell which was the signal that the meeting was at an end. Thereupon the rector of the college upon whom had been placed the responsibility of maintaining the seclusion of the conference hall, opened the door of the council chambers. Formal acknowledgment of the election was then made to him by a secretary.

At the same moment Father Al Fred Maertens, procurator-general of the Jesuits, who had been especially appointed by the congregation, started for the Vatican to inform Pope Pius of the company's choice. He was received immediately by the Pope, who expressed great satisfaction over the election of Father Wernz. "He is just the man fitted for the position," said the Pope. He charged Father Maertens to take to Father Wernz the apostolic benediction and also an affectionate letter of greeting which he wrote to the new general. In the meantime General Wernz was receiving congratulations from members of the order and many others at his own home, in the college to which he went immediately after the announcement of the election.

Francis Xavier Wernz was born at Rottweil, Wurtemberg, on December 2nd, 1842, and at the age of 15 years entered the society of which to-day he was chosen head. In 1883 he received an appointment as professor in the Gregorian University, and has been rector of that university since 1904. He is a consulting member of the congregation ecclesiastical, extraordinary affairs and index council, and is recognized as a progressive man and extremely energetic.

MEXICAN AGITATORS.

Seven Men on Trial and Warrants Issued For Arrest of Others.

Douglas, Ariz., Sept. 8.—The hearing against seven Mexican agitators was continued to-day until September 17th, by which time the authorities hope the unrest will be settled. The prisoners were removed to the jail at Tombstone for safe-keeping.

Warrants Served. Washington, D. C., Sept. 8.—The department of justice has received a telegram from United States Marshall Dingle, of Arizona, stating that a large number of warrants have been issued and served upon Mexicans in that territory who were organizing expeditions against the government of Mexico.

Stopped by Gunboat. Galveston, Texas, Sept. 8.—The American fishing smack Hatteras, belonging to the Gulf Fishing company, of this port, reached here to-day from Mexican waters, where her commander, states he was held up by a Mexican gunboat on August 25th, while seven miles off Triangular reef, in the middle of the Gulf of Campeche. Armed Mexican marines boarded the Hatteras, and ordered the captain to show his papers, and also to open his hatches and display part of his cargo of fish, which had been caught in the open sea on the passage down to the banks for a full cargo. The Hatteras was at that time a great distance outside the shore limit and under full sail for the fishing banks. Manager Munn of the Gulf Fishery Company wired the state department requesting immediate action for the necessary protection of American vessels, while fishing in the open sea or proceeding to and from the common fishing waters.

ALLEGED FORGERS. Confession by Former Bank Clerk—Supposed Head of Gang Held For Grand Jury.

New York, Sept. 8.—Thomas McCarthy, alleged to be the head of a gang of forgers who planned to swindle Wall Street banks of \$200,000, had a hearing to-day and was held in \$5,000 bail for the grand jury.

It developed during the hearing that Charles Muntweller, who is charged with being a member of the band, and who was arrested in Chicago, escaped from a train at Buffalo while the officers were bringing him here. The J. Schaad, a former bank clerk, and Irene Brown, said to be the wife of McCarthy, are in jail awaiting the disposition of the charges against them. Schaad has confessed.

According to Schaad's testimony to-day, he furnished the names of the people who had accounts at various banks, their signatures and the blank checks. McCarthy made the forgeries by tracing the names on the blank checks and Muntweller and Irene Brown passed the forged checks and acted as distributing agents in the disbursement of the money.

FIRE AT TRAIL.

Roseland, Sept. 8.—A special from Rossland, Sept. 8.—"Fire this morning destroyed the hardware store of N. Williams and also William Leins' bakery shop and his two dwellings. Williams' loss was \$7,000, insurance \$3,000. Leins' losses were \$4,000, with \$1,800 insurance. The cause of the fire is unknown, but it is supposed to have been caused by a spark from some rags in Williams' store."

E. R. Stephens Local Agent of the Great Northern Railway, has received from headquarters notice that the time limit of the excursion tickets at reduced fare issued to Eastern points over the line have been extended. The tickets are on sale Sept. 8th and 10th. The final return limit of ninety days must not exceed Nov. 16th which is an extension from the original date of Oct. 31st.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had passed through that fearful down feeling, pain at the left or right of the abdomen, nervous exhaustion, pain in the small of the back, pelvic catarrh, dizziness, flatulence, displacements or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Mrs. Robert Glenn, of 494 Marie St., Ottawa, Ont., writes:

Dear Mrs. Pinkham: "Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in its female troubles from serious nervous troubles for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. I am very happy to say that I am well and best wishes."

Just as surely as Mrs. Glenn was cured of the trouble enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from female troubles, inflammation, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all women who are ill to write her for free advice. She is a daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

DEATH SENTENCE.

Passed on Girl Who Assassinated General Min—Revolutionist Killed.

St. Petersburg, Sept. 8.—The court martial which tried Seenaide Konoplikova, the girl who assassinated General Min, August 26th at Peterhoff, to-day sentenced her to be hanged. She maintained her composure, and smiled on hearing the sentence, which is subject to the confirmation of Grand Duke Nicholas Nikolaevich, commander of the Guards corps.

Shot by Policeman. Riga, Sept. 8.—Three policemen were wounded, one fatally, by a bomb thrown to-day at a station on a railroad. A patrol of troops was called and fired a volley into the crowd which collected, wounding one man mortally and three slightly.

A group of five revolutionists armed with automatic pistols, were halted to-day in the centre of the city by a policeman, who ordered them to throw up their hands. They did not comply and the lone policeman began exchanging shots with them. He killed one of the revolutionists, wounded another and arrested two. One escaped.

Peddlers Killed. Warsaw, Sept. 8.—M. Ostroffsky, a member of the late parliament, was arrested to-day at the village of Smardzewo and severely beaten by soldiers.

In the front of the Bristol the principal hotel in Warsaw, troops to-day killed two peddlers, who were suspected of being terrorists.

Engineer Slain. St. Petersburg, Sept. 8.—Engineer Fedorov, director of a department of the great Baltic works, was attacked to-night by workmen, and so badly wounded that he died a few hours later.

The Land Scheme. St. Petersburg, Sept. 8.—The minister of finance is perfecting measures for absorbing the scrip by the land banks for payment for private estates acquired in accordance with the agrarian programme so as to prevent too great a depreciation by the sudden flooding of the market, and has decided to authorize the investment in funds accumulated in the government's hands for pensions, barrack construction, etc.

The purchase of scrip by the land banks, including the Americans, which are required to invest a part of their reserve in government securities, is authorized. The report that the government is seeking to induce foreign investment in the land scrip is denied at the ministry of finance. In addition to the sale of crown appanage lands, hitherto announced, the government has found it possible to distribute a portion of the state lands held by the government which consists largely of forest reserves. A further measure of relief will be the lowering of the interest on arrears of payments on lands previously purchased by peasants through the state banks. The government has charged the state treasury.

RE-ARRESTED.

Steve Adams Charged With Murder of Lyte Gregory.

Boise, Idaho, Sept. 8.—Steve Adams, one of the witnesses in the Moyer-Haywood-Pettibone case, who applied for a writ of habeas corpus yesterday, was released this afternoon, but was immediately arrested again on a telegram from the sheriff of Denver, charging him with the murder of Lyte Gregory on May 15th, 1904. Adams was detained some time ago on a charge of possessing valuable information concerning the alleged "inner circle" of miners.

GAME AND GAME LAWS.

The man who invariably takes to the hills without a gun during a portion of the first week of September is back with his tale, and in the main tale is one of yore and lamentation. It bears out what the Times has maintained: that more effective measures for the protection of the game of British Columbia, and particularly of Vancouver Island, must be taken, and that right speedily, if one of the most valuable of the attractions and assets of the country is to be guarded from ultimate extermination. It is quite apparent from the reports received from all sections of the Island, and it is doubtless true also of other sections of the country, that the blue and the willow grouse are becoming scarcer every year. And what else can be expected with an open season extending over four months and the number of guns being yearly augmented? It is all too plain that the time must come when the native birds will be a rarity within a reasonable distance of Victoria, for the simple reason that the destruction of their habitat will involve their gradual extermination in any event. But that constitutes no reason why we should not do our best to protect them while the swamps and the woods remain. And it is on that account that we maintain now, as we have striven in the past to impress upon our legislators, that at least a month should be shorn from the season of four, that the open seasons for all game birds and animals should be brought in simultaneously, and that a license should be imposed on guns in order that a fund may be created for the maintenance of a force of officers to see to the enforcement of the game laws. As it is now the statutes governing the taking of game are practically a farce. The provincial police doubtless do their best, but that best amounts to nothing at all. Anyone interested in the matter of game protection knows well that surreptitious shooting is carried on all the year round in nearly every district, and that in most districts it is not even surreptitious—it is open, flagrant, shameless. Such violations of the law have been all but stopped in other countries. They can be dealt with here also if the authorities be imbued with the spirit which ought to appertain to their office. Our opinion is that to sportsmen it is vastly more important to preserve the game we have, the game indigenous to the country, than to invent game whose adaptability to environment we, not of it, and which may not thrive at all in its strange surroundings.

A MYSTERY OF JOURNALISM.

The Vancouver World has been compelled to express its deep contrition because of a hasty expression having some reference to the ownership of our esteemed contemporary, the Colonist. We hope we may, without offence, ask why anyone should be aggrieved at being charged with owning, or even partly owning, such a valuable property—such an influential organ of public opinion—devoted heart and soul to the cause of Conservatism and good government as represented by the British administration? Our estimable neighbor has of late years pursued a somewhat eccentric, not to say meteoric, course. It has been a very difficult matter for political antagonists of its own faith to follow it from the limit of its perdition to the extremity of its aphelion, accepting the lead of our noble provincial administration as the great centre of attraction. But, with all its eccentricity, the Colonist is still a valuable property; it is an institution which any good Tory ought to be proud to call his own.

Newspaper men who have been brought up to the business are not usually slow about admitting the impeachment when they have the good fortune to pass from the realm of mere working journalists to the beatific heights of proprietorship. George Brown openly boasted that he would rather be proprietor of the Toronto Globe than Premier of the Dominion of Canada. Horace Greeley is said to have died of a broken heart, because the pride of his life, the New York Tribune, was wrested from him in his declining years. The late Mr. Bennett who was ashamed to admit, and to proclaim in prominent characters, that he owned and controlled the utterances of the New York Herald, Charles A. Dana was always proud of his connection with and direction of the New York Sun. The Walters—several generations of them, we believe—have controlled the destinies of the London Times; and we have never heard that any of them was anxious to deny the connection. We have read of mystery being long maintained with reference to the authorship of certain works which had created a sensation in the literary world, such as the Waverley Novels of the mysterious Wizard of the North and the letters of Junius; but we believe there is no instance on record of a newspaper of importance or of standing long maintaining its ownership in an impenetrable shroud of mystery. And again, we might ask, why should any one be ashamed to admit the proprietorship of such an eminently respectable journal as the Victoria Daily Colonist?

President Roosevelt's announced intention to set the processes of evolution at defiance and to enter upon a campaign of spelling reform with His Big Stick has not been received with becoming seriousness even at home. The New York Post, one of the most conservative and influential of American journals, thus casts ridicule upon the proposal of public instruction may hesitate about decreeing spelling reform, but timidity on any subject is unknown at Oyster Bay. From that hope of the just et norma scendit, we get to-day the order that hereafter, all the president's messages, or other documents coming from the White House, are to be printed in the reformed spelling advocated by the committee of which Prof. Brander Matthews is chairman. We have already expressed the opinion that some of the short list of new spellings proposed are sensible changes, and may in time be trusted to work their way into use. But we never expected earthquake literary reform by executive decree; nor do we think that the president's official example will have much effect except to excite laughter. We doubt if the practice of a single printing office will be changed in consequence of Mr. Roosevelt's order, except that of the public printing office at Washington. Into it, great confusion will be introduced. Two systems of printing and proof-reading will be necessary—one for the White House output, another for all the rest. This will surely mean delays, with higher cost, and, if we know anything of printers' nature, much profanity at the president's expense. In his inability to let anything alone, he now takes his place with the medieval monarch who was superlatively grammatical.

HOW LARRY WAS LARRUPED.

"Bedad, Tim, when you an' me was going to school, the rod was the head master, an' boys was boys."
—Larry's Letter, Times, Sept. 1st.
How square are the methods of teachin' at present?
Compared with the times when meeself was a boy?
Twas thin that the lot of a youngster was pleasant.
"Twas thin that all larrin' was truly a joy."
When the rod (gracious Heaven!) fell an' the cane like a thunderbolt hurtled on high—
Och, wasn't it thin that we loved our Oid master?
Our dear, kind, Oid teacher—an' prayed he might die!
But, changed are the teachers as well as the teachin'.
Too well OI remember the monster of had:
A snuffy Oid divvie for iver prache-prachin'.
Convin'tin' the good in me into the bad. But now 'tis a maiden of seventeen summers.
Who whistles the lazy ones gently to sleep:
Och, the kisses she gives 'em are regular hummers—
Bedad, but O'd like to be walloped by her!

Whin OI was a boy ('tis a fact, an' OI know it).
Before me own language OI scarcely cud speak.
They was thyrin' to make me a classical poet.
An' write purty verses in Latin an' Greek!
But now they are treatin' the children like little ninies!
Their latin' and sums are all sung to a tune.
An' OI haven't a doubt thev'll be soon wearin' pinnies.
An' have all their larrin' shufted in 'wid a shippod.
W. H. S.

LILLY, THE RACONTEUR.

Away from the green of the cricket pitch Lilly is a great teller of tales, and often keeps the luncheon-room in gales of laughter by his many quips, says a writer in the Penny Magazine. In his reminiscences Lilly tells a good story of his own life. Lilly hit out at a tempting ball from Briggs and "skied" it. Albert Ward opened his hufes and waited for the ball to drop into them. The moment Ward caught the ball a lady in the pavilion brought down her parasol with a bang and exclaimed, "Got it!" But, as it happened, just below her was a gentleman in a faultless silk hat. "Yes, I have," he said, as he endeavored to straighten out the headgear which the parasol had smashed in.

What Other People Think

SOMEWHAT VEHEMENT.

To the Editor:—The following letter was refused publication in the columns of the Colonist: May I ask you to give it space in your columns?

Tacoma, Wash., Sept. 1, 1906.
Editor Victoria Colonist:—Sir:—A clipping from your paper, dated August 30th, has been sent to me by a friend, in which you say "a woman who came over from Tacoma to speak during a provincial election campaign, proclaims that marriage is a capitalistic institution, and consequently unworthy of the sanction of all true Socialists."

Now, as I am the only woman of Tacoma, who went over to speak in a provincial campaign on Socialism, you must be referring to me, but like the contemtable cowards that all slanderers and liars are, you avoid mentioning names.
I realize that I may be lowering myself as a woman and Socialist to take any notice of your false statement. You are clearly a capitalistic traitor to your own class. It is only because that some people might be led to believe that Socialists advocate the doctrines which you falsely accuse me of teaching that I now take the trouble to say to you that your statement referred to is as false as the system which produces such men as you. Men who are too willing to blacken others by printing slanderous falsehoods to the end that they may the more acceptably fawn at the feet of their capitalistic masters, and pick up the few pieces of silver thrown them as a price for the betrayal of the people, and the handing of them, bound and helpless, over to capitalism to be unrestrainedly pillaged. A day of reckoning will come to such as you, and to that day of awakened conscience I am willing to leave you.
Socialism is coming, and your lying slanders can only arouse a greater interest in our noble movement for humanity, causing the people to inquire, and to inquire is to be convinced that the inauguration of Socialism is the only hope for humanity.

Yours for truth,
IRENE M. SMITH.
1112 N. J. Street.

PERSONAL.

Mrs. Sydney Child will hold her post-nuptial reception at her new home, "Beckley Cottage," 41 Simon street, on Wednesday, Thursday and Friday of this week, from 3 to 6. Afterwards Mrs. Child will receive on the first and third Wednesdays of the month.

Leading the orchestra at the performance of the Boston Juveniles in the Victoria theatre to-night will be seen Ernest Wolff, a former well known musician of this city. For several years Mr. Wolff has been travelling with different musical organizations.

Jas. Herbert Duncan, who recently returned from Dawson on a visit to his parents on St. James street, left by the Princess Victoria this morning for Vancouver, where he is going into the real estate, insurance and brokerage business.

R. Steltz, wife and daughter, left via the Northern Pacific last Saturday evening on a visit to St. Louis, Mo. They took advantage of the excursion rates being given by the Northern Pacific railway.

The Misses Suzette and Vivian Blackwood left last Saturday evening for Spokane, where they will attend school for a year at Brunot Hall. Mrs. Blackwood accompanied them.

J. W. Sexton, a prominent Spokane mining man, who, with his wife, has been visiting at the Driford hotel, returned home last Saturday via the Northern Pacific.

J. McNeill and wife started via the Northern Pacific on Saturday evening for Chicago, to be absent two months. They will return via Denver and Salt Lake City.

Rev. J. P. Hicks left for Vancouver on Saturday to preach on Sunday morning and evening in Wesley church for Rev. W. E. Prescott.

F. Wyatt left on Saturday for Peterboro, Ont., to visit his mother, who recently arrived there from England.

Capt. Wm. Schofield and wife, of London, Eng., and Nathan Joseph, of San Francisco, are at the Driford.

Wm. Saunders, M. P. of Spokane, arrived in Victoria on Saturday.

W. H. St. John, of Toronto, is registered at the Driford.

W. T. Duke, of Montreal, is a guest at the Driford.

Geo. A. Stone, of Vancouver, is at the Driford.

W. H. Hayward, of Sonoma, is in the city.

The Post (Sydney)—"Ah, the world is full of poetry." The Editor—So is the water-bucket at Philadelphia, Pa.

Shipping

SOMEWHAT VEHEMENT.

There is a possibility that in the near future Victorians will again have cause for complaint in the matter of the Empresses not coming to the outer wharf.

It will be remembered that when the Empress of China sailed outward last week that she did not berth at the outer wharf, but was tendered on by a small steamer in the offing. It was stated also that in view of the new schedule which the C. P. R. Company has adopted for their overseas service that the ships of the line would continue this practice. Now it is learned that the Empress of India on her inward voyage will not come into the outer wharf, and whether the Empresses will revert to their old-time custom of being met at the quarantine station by a tender from Victoria, is now under consideration at Montreal. It is said that there is a strong possibility that during the winter months at least, they will continue to do this. The reason advanced is that in coming to the outer wharf the ships lost time, now so important when the steamers are expected to reduce the time to the Orient.

The matter is highly interesting to Victorians. When the ships were first put in service on the Pacific, and for many years afterwards, they never called at Victoria except after the manner mentioned. It was stated then that the outer wharf for their accommodation, but this fallacy was soon disposed of when steamers of equal and even greater draught berthed there without the least trouble.

There can be no doubting the injurious effect which such a policy on the part of the C. P. R. company will have on Victoria. It is felt that some of the captains have disliked coming to the outer wharves, and have prevailed upon the company to discontinue the practice. It is also alleged that some times the pilots in bringing the ships down to the outer wharf from Vancouver take six, seven and even eight hours, when a much shorter time would be sufficient. But on questions of the kind the Times is not prepared to impart any information. The statements are only given for what they are worth, but in case of a change being made there are shatters which should be investigated.

SALES TO-NIGHT.

On the steamer Camosun, which sails for northern British Columbia at 9 o'clock to-night, and which is due to arrive from the north four hours earlier, fifteen tons of Grand Trunk supplies will be shipped to survivors now in the field. In all the Camosun will have 25 tons of cargo from this city. Among the ship's passengers will be Frank Kermode, curator of the provincial museum; W. J. Sutherland and J. R. Morrison. The three will land at Bella Coola and intend going about thirty miles up the Bella Coola trail in search of caribou and black bear. The outing is the first Mr. Kermode has taken this year in quest of game. Other passengers who will be leaving Victoria on the Camosun will be C. H. Dickie, of Duncan, who will make a trip up the Portland canal; W. C. Johnson, Mr. and Mrs. Jackson and Miss Pickock.

ALGOA BAY'S ARRIVAL.

The ship Algoa Bay from Iquique for Victoria came in yesterday, minus her fore top gallant mast, her spunkier boom and yards. Off the Cape the ship ran into a gale and rolled so heavily that these parts of her top-hammer were wrecked from their places. The Algoa Bay reports an unexpected passage up to this time. She left Iquique some time before the Chillan earthquake, and felt none of the disturbance at sea. The ship brings nitrate for the Victoria Chemical Works.

THE GRANT CONDEMNED.

Revenue cutter service officials at Washington have condemned the cutter Grant. The scarred and weather-beaten old ship that was thirty years ago, considered a tip top vessel of her class, but which has outlived her usefulness in the revenue cutter service, has been pronounced unfit for further duty in the service and the plan to repair her at a considerable cost has been abandoned. The Grant will now be sold.

SEALERS SENTENCED.

A dispatch from Valdez says: Judge Gunnison in the United States court sentenced three sealers to three months each in prison. The men were convicted after a brief trial.

Seals to the value of nearly \$10,000 were killed and the poachers made away with hides worth nearly that sum.

WARSHIP COMING.

Application has been made for the dry dock for the use of the Italian ship, being well pleased with the results of his investigations.

There are men who will fight for their principles even when they have not the courage of their convictions—Lyle.

Committee of Board of Trade Has Submitted an Interesting Report for Discussion.

CHAPTER XIX.—(Continued.)

Even Diablo had resented either the mellifluous comparison or the rule of Langdon's hand, for he lashed out furiously, with a great far-reaching leg that nearly caught Crane unawares.

"Your polite language seems to be as irritating to him as the blacksmith's," said the exasperated Crane, as he came away from the hasty retreat he had taken.

"It's only play. Good horses are of two kinds when you're saddlin' 'em. The Dutchman there'll hang his head down, and champ at the bit, even if you tell him he's honest, and knows it's all seeded. That's one kind, and they're generally the same at the post, always there or thereabout, waitin' for the word 'go.' An' they race pretty much the same all the time. If you time 'em you'll find 'em as honest as the day when their colors is up, an' the silk 'flappin' all about 'em in the race."

"Whoa! Hold still, you brute! He's ready, steady! Whoa?" This to Diablo, for while talking he had adjusted the weight cloth with the gentleness of a lady, and now he was shouting to his lady love's neck, and had put a cold, old wooden cloth over the high-crowned wither.

"Stand out in front of him and hold his head down a bit"; this to the boy.

Then as he slipped the saddle into the rack, and turned away for his birth, he continued his address to "Crane on the peculiarity of races."

"Now this is a horse of another color, this one; he ain't takin' things easy at no stage of the game. He objects to everything, an' some day that'll come, he'll twist his neck back on his head, and he'll show the other horses want to beat him out, an' he'll show 'em a clean pair of heels; come home on the bit, pullin' double."

"Whoa! boy! Steady, steady, old man!" Then he ceased talking, for he had tucked his wrist up behind his neck, and was snatching up the big black with the firm pull of a grizzly. Diablo squirmed under the torture of the tightening web on his sensitive skin, and crouched as though he would fall on the trainers.

"Yes, sir!"; continued Langdon, as he ran the stirrups up under the saddle flap, out of the way, and motioned to the boy to lead Diablo about. "Yes, sir; this fellow's different. He's too damn sensitive. At the post he's like a blacksmith, a locoed broncho, an' sets one blamed for another to beat him, but he don't need no dope; what he needs is steadyin'. If he gets away in front, then long legs of silk will take some catchin'. He's the kind that wins when the books are layin' 'round, but he loses when he's in the worst of it is with this sort, like a nut the owner hasn't a penny on them, but the public'll howl; they'll call it an 'an-out runnin'; an' the scribes'll meet their paper to print a notice that the stable ought to be ruled off; an' then the time you're breakin' your heart tryin' to lead them, it was him that said 'Hello! there's Colley out on the Dutchman; mount your horse, Westley-way, you don't need no spurs; yes, carry a whip; an' give the guy that is watchin' a stage play with it; he's don't do that black. We'll just see how that'll do them on this trip." He added, addressing Crane:

"Takin' Westley's small-headed, look at his hand, he lifted the lad to Diablo's back, and led the horse out through a gate to the course.

To be continued.

IT IMPARTS STRENGTH.

Just think of the enormous strengthening power Ferrozone possesses—consider what it did for H. V. Potter, well known in Kingston, who was subject to spells of dizziness. For eight months I had intense pain in my right side between the shoulders. I was almost incurable with weakness and lack of vigor. Often I scarcely ate any breakfast and felt miserable all day. Nervous, easily excited, I lived with weakness. Then I had eight months Ferrozone restored and nourished me back to health in short order. Whatever your weakness may be Ferrozone will cure. Price 50c. per box at all druggists.

AN IMPROVEMENT IN THE SHOOTING

BETTER BAGS SECURED BY LOCAL HUNTERS

Victoria Sportsmen Make More Satisfactory Reports—Roller Skating Hockey League—Notes.

Victoria sportsmen are better satisfied to-day than heretofore this season. As anticipated the recent rains have improved hunting. Those who returned from different neighboring resorts last night brought with them larger bags. They reported that the dogs worked much easier, and that the sport generally was much improved. One of the largest individual killings known is that of A. Bechtel, who reported with seventeen birds to show for his day's outing. The average, however, was from seven to ten, while, as usual, a majority had nothing to show for their exertions.

Although the bags have improved it is impossible for those conversant with the facts to state that the birds are as plentiful as they were last season or of the year before. The dry weather which preceded the 1st of September and the apparent lack of rain in the month which they are in the habit of subsisting have driven them to fastnesses which, doubtless, will remain a mystery to Victoria hunters.

Asked for an opinion upon the prevailing unsatisfactory conditions, a prominent sportsman said: "I can explain the dearth of birds satisfactorily. All I know is that they are not to be found, as no one has fared much better than another one. We are forced to the conclusion that the grouse have either anticipated our coming and migrated or have gone in search of food. As even I don't give them credit for sufficient wisdom to know when the open season arrives, I suppose they are off to lands of milk and honey." This appears to be the consensus of opinion so that hunters will have to content themselves with comparatively meagre bags during the season of 1906-07.

SKATING.

A HOCKEY LEAGUE.

A letter was published in Saturday's Times suggesting that a roller skating hockey league might be formed this winter, teams being entered from Vancouver, Sound cities and Victoria, all of which now have rinks in active operation. The matter was drawn to the attention of Manager Painter of the Assembly hall rink by a Times representative. He thought the scheme was practical, in fact was willing to accord it his hearty support and cooperation. But it would be impossible, he added, for a local team to commence practicing until the hardwood floor had been installed. They would welcome the promoters of the project to a discussion as to terms, and was sure that a satisfactory arrangement could be reached without difficulty.

ASSOCIATION FOOTBALL.

EXHIBITION MATCH.

The Y. M. C. A. and Garrison teams tried conclusions on Saturday afternoon at Work Point grounds. It resulted in a victory for the latter by a score of 2 goals to 1. The contest was close and interesting throughout, although the first half appeared to be decidedly in favor of the soldiers. They managed to score one goal during this period. In the second half the Y. M. C. A. eleven braced up and made several rushes upon their opponents' stronghold. These were ineffective in most instances, but demonstrated that there is good material in the forward division and that only practice was necessary to develop a formidable attack. The teams will meet again next Saturday afternoon when another interesting exhibition is promised.

VISITORS VICTORIOUS.

A New York dispatch, dated Saturday, says: "The Association football game between the Corinthian team of London, England, and the picked team from the All-New York association to-day resulted: Corinthians, 13; All-New York, 6."

THE RIFLE.

The Ottawa Citizen, describing the London team's performance in the recent D. R. A. meet, says: "In the D. R. A. shooting, the team of the 6th

Duke of Connaught's Own Rifles, Vancouver, and the Fifth Regiment, Victoria, won the London Merchants' Cup match, a good old provincial competition in which the marksmen take great pride in taking a high standing for their respective provinces. The Duke of Connaught's Own Rifles took out of the hands of the Ontario sharpshooters who had held the silverware for the past two years. In 1903 the Pacific province won it. In 1902 Ontario and in 1901 Quebec. British Columbia held it in 1900 and Manitoba in 1899. Again the Pacific coast came to the front in the winning of the Kirkpatrick trophy by the team of the 5th Canadian Artillery of Victoria. B. C. a splendid shooting regiment of garrison artillery. Both these trophies were accompanied with substantial cash prizes."

LAWN TENNIS.

MAY SUTTON WON.

Cincinnati, O., Sept. 8.—May Sutton defeated her sister Florence in two straight sets this afternoon in the tri-state tennis tournament, on the grounds of the Cincinnati Tennis Club. It was a championship game in ladies' singles. The scores were 6-2, 6-1.

YACHTING.

SECOND OF SERIES.

On Saturday afternoon the second of the series of races under the auspices of the Victoria Yacht Club took place over the harbor. There was a splendid breeze, and both contestants were interesting, not only to those competing, but from a spectacular standpoint. There were three yachts entered in class A, and they started sharp at the sound of the gun, which was fired about 2.35 o'clock. The first to finish was Mr. Gore's Dione, Dorothy, Commodore W. H. Langley, crossed the line second, while White-Cap, Capt. S. Lawrie, was last. Owing to the fact that the time allowance has not yet been estimated it is impossible to say whether Dione or Dorothy may properly be considered the winner. Swallow, Capt. Mulcahy, and Norseman, Capt. Temple, were the only two entered in B class. There was some splendid maneuvering for position, the crews of the Dione displaying a thorough knowledge of the intricacies of seamanship. The former took the first position after a fine race.

On Saturday the 15th inst., the third race of the series will be held by the Victoria club.

THE COMMODORE CUP.

"At a few seconds after 9.50 o'clock Saturday night, Ivanhoe, Skipper C. A. Godson, beat her way into English bay, and dropped anchor for the night, thus becoming the first winner of the Commodore cup. Shortly afterwards, the Minerva, Captain Phil Thompson, swept in, followed in turn by Hades, Skipper W. A. Bauer and Gazelle, Vice-Commodore A. G. Thynne, these four being the only ones reported up to 2 o'clock Sunday morning. The time, a trifle over twelve hours, while not being very fast, is considered very good on account of the winds and tides encountered by the fleet."—Vancouver News-Advertiser.

BASEBALL.

"FINEST EVER SEEN."

The Washington Evening Star says that Hal Chase is about the whole New York American team. Hal is certainly the fastest first baseman the game has ever seen.

LACROSSE.

PREPARING FOR TOURNEY.

A challenge has been received by Victoria for the Kilmarnock cup from the New Westminster club. This is the first entry that has yet been made for the tournament which will be held for the championship of British Columbia in connection with the forthcoming Victoria fair. It is expected, however, that the Maple Leafs of Vancouver, will enter. The latter twelve, readers of the Times will remember, recently met and defeated the Royal City stalwarts. They, therefore, have confidence in themselves and look forward not only to repeating the performance in Victoria, but in doing the same with the local team and so returning with the coveted cup. But the home twelve will be stronger, from all reports, than has been the case since the opening of the season. Manager York is working like a Trojan in his efforts to put the boys in first-class trim, and they are responding to his endeavors with like enthusiasm. The result should be a team strong in the defence, fast and clever in its home department, and all that could be desired in general combination. Everything considered the tournament promises to be well worth witnessing.

The game between New Westminster and Vancouver on Saturday in Queen's park, New Westminster, was characterized by no very brilliant play on either much. The home team, the Vancouver team, was particularly weak and the Royal City team had the visitors outplayed at every point. The game was rough at times and many foul engagements took place. This was chiefly the fault of the referee's indifferent work, he allowing too many fouls to go unchecked. In the Vancouver team, although many of the players made good at times, there appeared to be an entire lack of systematic play, and the result was that when they played in Vancouver on Labor Day. A summary follows:

First Quarter.

1. Westminster—J. Gifford 6½ min.
 2. Westminster—Wintemute 7 min.

2. Westminster—Peacey	2 min.
4. Westminster—W. Turnbull	7 min.
Second Quarter.	
6. Vancouver—Gifford	14 min.
8. Westminster—Peacey	19 min.
Third Quarter.	
1. Westminster—Latham	6½ min.
3. Westminster—W. Turnbull	25 min.
5. Westminster—Henry	2 min.
Fourth Quarter.	
10. Westminster—Henry	2 min.
12. Westminster—Wintemute	4 min.
14. Westminster—Wintemute	22 sec.

ATHLETICS.

VANCOUVER'S MEET.

Arrangements have been made by the Vancouver Athletic Association for the first annual field day meet under the auspices of that organization. It will take place on Saturday, September 22nd, at the Terminal City, Entries are expected, not only from the athletic clubs of the Victoria, but from outside clubs. A contingent of 100 men is expected to appear. The Y. M. C. A. are busy preparing for a full team, and it is not probable that the B. A. A. and other local clubs will follow the example of the B. A. A. and endeavor to bring some of the handsomest prizes back to Victoria. Entries should be made at the Y. M. C. A. office, or mailed to the secretary, E. J. Wood, on or before that date, according to the strictest code of the term, will be permitted to participate.

Appended is a complete programme of the events: 100 yards, 220 yards, 440 yards, 880 yards, 1 mile, high hurdles, low hurdles, pole vault, running high jump, running broad jump, 56 lb. weight, 125 lb. shot, 16 lb. hammer, 1 mile relay, throwing discus.

Notice is hereby given that, 30 days after date, I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away timber from the following lands, situated in Clayquot District, Vancouver Island, Province of British Columbia, as follows:

1. Commencing at a post planted at the head of Edgingham Creek on the northeast side, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

2. Commencing at a post planted about 4 miles from the head of Edgingham Creek, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

3. Commencing at a post planted about one and one-half miles up Edgingham Creek from the post of location No. 2, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

4. Commencing at a post planted about one and one-half miles up Edgingham Creek from the post of location No. 3, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

5. Commencing at a post planted at the N. W. corner of location No. 4, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

6. Commencing at a post planted at the N. E. corner of location No. 5, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

7. Commencing at a post planted at the N. W. corner of location No. 6, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

8. Commencing at a post planted at the N. E. corner of location No. 7, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

9. Commencing at a post planted at the N. W. corner of location No. 8, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

10. Commencing at a post planted at the N. E. corner of location No. 9, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

11. Commencing at a post planted at the N. W. corner of location No. 10, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

12. Commencing at a post planted at the N. E. corner of location No. 11, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

13. Commencing at a post planted at the N. W. corner of location No. 12, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

14. Commencing at a post planted at the N. E. corner of location No. 13, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

15. Commencing at a post planted at the N. W. corner of location No. 14, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

16. Commencing at a post planted at the N. E. corner of location No. 15, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

17. Commencing at a post planted at the N. W. corner of location No. 16, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

18. Commencing at a post planted at the N. E. corner of location No. 17, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

19. Commencing at a post planted at the N. W. corner of location No. 18, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

20. Commencing at a post planted at the N. E. corner of location No. 19, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

21. Commencing at a post planted at the N. W. corner of location No. 20, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

22. Commencing at a post planted at the N. E. corner of location No. 21, thence N. 30 chains, thence E. 30 chains, thence S. to shore line, containing 640 acres more or less.

BACK TO NATURE.

We go back to Mother Nature in Semi-ready physique types! We study what a man should be—then we carefully observe what habit—work, environment and disposition have made of him. Type D is the slender physique somewhat narrow chested, small boned and of unusual length of bone and consequently of more than ordinary height.

This type is usually a wiry—active—nervous one, characterized by tireless mental activity.

Type D is a type by itself. Because of the peculiar bone development—because the bones are long and slender the same measurements of such parts as collar, shoulders, breast and waist for the different heights do not progress or diminish in the same order as do those of the other groups of types.

We studied the individual physiques of this class—we placed Type D special blank forms at each Semi-ready wardrobe to enable us gather all the information possible about this style of physique. We received measurements upon which we tailor suits for Semi-ready type D physique.

We tailor each Semi-ready suit thoroughly since we know exactly each measurement!

To make absolutely sure we leave all seams with outlets and the inner work basted only. Then we alter and deliver two hours after.

SYNOPSIS OF CANADIAN NORTHWEST HOMESTEAD REGULATIONS.

Any even numbered section of Dominion Lands in Manitoba or the Northwest Provinces, excepting 3 and 21, not reserved for other purposes, may be taken by a person or persons, male or female, of legal age, or any male over 18 years of age, to the extent of one-quarter section, of 160 acres more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated.

HOMESTEAD DUTIES: A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least 60 months residence upon and cultivation of the land in each year.

(2) If the father (or mother, if the father is deceased) of any person who is entitled to take a homestead entry under the provisions of this Act resides on a farm in the vicinity of the land entered for by such person, he may, instead of the requirements of this Act, be satisfied by such person, with the father or mother.

(3) If the settler has his permanent residence upon farming or other business in the vicinity of his homestead, the requirements of this Act may be satisfied by residence on the homestead, or by the settler giving six months notice to the Local Agent, Sub-Agent or the Home-Inspector.

Before making application for patent the settler must give six months notice in writing to the Commissioner of Dominion Lands at OTTAWA, of his intention to do so.

SYNOPSIS OF CANADIAN NORTHWEST MINING REGULATIONS.
 Coal—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 200 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz—A free miner's certificate is granted to any person who has paid a fee of \$5 per annum for an individual, or \$10 for a company, for the privilege of mining on Crown lands. A free miner, having discovered mineral in place, may locate a claim 1,000x1,500 feet.

The fee for recording a claim is \$5. At least \$100 must be expended on the claim each year, or the claim will be forfeited in lieu thereof. When a claim is abandoned, the locator may, upon having a survey made, purchase the land at \$10 per acre.

The patent provides for the payment of 25 per cent. on the sales. PLACER claims are generally payable 100 feet square; entry fee generally \$10.00.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior. The lessee shall have a dredge in operation within one season from the date of the lease for each five miles of river leased. The annual fee for each mile of river leased, at the rate of 25 per cent. collected on the output after it exceeds \$10,000.

W. W. CORY.
 Deputy of the Minister of the Interior. No unauthorized publication of this advertisement will be paid for.

Notice is hereby given that, 30 days after date, I intend to apply to the Chief Commissioner of Lands and Works for a special license to cut and carry away and remove timber from the following lands, situated in Skena District, British Columbia, as follows:

No. 1.—Commencing at a post planted on the west shore of Two Island about 14 miles south of the north end of said island, thence running across said island northwesterly, thence following the shore line northerly, westerly and southerly to the point of commencement.

No. 2.—Commencing at a stake at the southwest corner of No. 1, thence running east 30 chains, thence south 30 chains, thence west 30 chains to shore, thence following shore to point of commencement.

No. 3.—Commencing at a post planted on the shore of Two Island, thence running S. W. corner of No. 1, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 4.—Commencing at a stake planted at the southwest corner of No. 3, thence running east 30 chains, thence south 30 chains, thence west 30 chains to shore, thence following shore to point of commencement.

No. 5.—Commencing at a stake at the S. W. corner of No. 4, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 6.—Commencing at a stake at the S. W. corner of No. 5, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 7.—Commencing at a stake at the S. W. corner of No. 6, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 8.—Commencing at a stake at the S. W. corner of No. 7, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 9.—Commencing at a stake at the S. W. corner of No. 8, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 10.—Commencing at a stake at the S. W. corner of No. 9, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 11.—Commencing at a stake at the S. W. corner of No. 10, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 12.—Commencing at a stake at the S. W. corner of No. 11, thence running west 30 chains to shore, thence following shore south to point of commencement.

No. 13.—Commencing at a stake at the

HEALTH AND BEAUTY

ACCIDENTS WILL HAPPEN!

A Bad Bump on the Forehead.

CERTAIN rules for emergencies should be learned by heart by every woman living, for never in the world can she gauge when she will be called upon to act as doctor and hospital nurse, and respond to the wildest kind of a "hurry-up call."

And especially should nurses and mothers train themselves in such knowledge, for accidents will happen even more frequently among children than among their elders.

A set of simple, compact rules, mounted upon a card and hung up in the nursery, will be found a boon to the woman whose memory is so treacherous that she tries the treatment for burns upon some one in a fainting fit.

A small cupboard, or, at least, a shelf, should be set aside, where everything in the surgical line should be kept—well out of the reach of children and ignorant persons.

Drastic treatment for choking is to deliberately turn the child upside down, holding it firmly by the heels, and choking the danger will be reduced to a minimum.

And even those thinnest of all china dolls, are often put in their mouths by little children, with grave consequences, unless the treatment is instant and efficacious.

When pins are swallowed, give the child all the mashed white potatoes he will eat and no water for a day, and the danger will be reduced to a minimum.

Hot water is a good cure for a bump on the forehead, and with hazel or arnica patted on takes the sting out of bruises by the time the child has stopped crying.

For a pinched finger (and who of us doesn't remember the time when we caught fingers in a door?) the best thing to do is one that seems cruel, and that is to pound the child's finger lightly with the closed fist. Much as that hurts for a moment, it starts up the circulation more quickly than can be done in any other way.

For burns, the great point to remember is that air must be excluded; so cover the burned surface with oil or flour, with baking soda or vaseline, and don't put a rag on unless it is so saturated with oil that it can't get dry and stick to the skin. Quite simple burns have been turned into ugly sores by bandages that stuck and that tore skin and even bits of the burned flesh away when they were being removed.

Nosebleed is best stopped in the time-honored way of applying cold compresses or a bit of ice done up in a cloth at the back of the neck. At the same time insert a small wad of paper between upper lip and teeth, and press the lip firmly down over it. Encourage the child to sit up instead of leaning over, letting her stoop for a moment when ever the choking sensation comes on.

After all, though, the ounce of prevention is the greatest thing about household surgery. If the child is given only fairly large toys to play with, and buttons and such "small fry" put out of his reach until he is old enough to know that such things aren't to be touched, and most of the ugly cuts come from knives and scissors which have been left out of their proper places.

Pinched Fingers Must Be Cured

Sick Headaches and their Cure

A Hot Foot-Bath Draws the Blood from the Head

the formula in the answer to "Mrs. H. H."

Affects No Other Part

"I am really every way but my bust face. Dr. Vaucaire's treatment makes one stooper, or simply enlarges the bust." I never had a large one as a girl, and am now 30 years old. Would you advise me to use it, or is it better for such people as me to use it?—Mrs. W. R. P.

Dr. Vaucaire's remedy affects no part of the body other than that for which it is intended. It is not a flesh builder, but a tonic.

Massage for a Red Nose

Will you kindly tell me what causes a red nose? I am a girl, 17 years of age, and I have a very red nose. I have used Dr. Vaucaire's remedy, but it has not helped me. Please advise me.—Mrs. J. L. T.

This unbecoming state of affairs is probably due to a disordered stomach. Try to straighten out matters there, or else you can do little to correct the red nose and pimples.

Confine yourself strictly to a diet of plain, nourishing food and cool drinks. That what you eat be plain is absolutely necessary. No pastry, rich desserts, candy, or hot drinks. Always bathe your nose with cream. Never touch it with water.

Massage is an excellent thing to relieve this condition. Massage vigorously along the leading nerve of the nose at each side. Use the tip of the finger, start at the bottom, and rub up the nose on each side, and then under the eyebrows. Following the nerve in this way is sure to relieve the congestion of the nose. It is often the secret of that unpleasant redness. If the nose is extremely red, massage the temples and cheeks, using a brisk, vigorous movement. This helps to take away the blood from the nose.

Hollow Cheeks

Will you please publish in your Beauty Column the physician's prescription for hollow cheeks? I have used Dr. Vaucaire's remedy, but it has not helped me. Please advise me.—Mrs. J. L. T.

To Restore the Natural Color of the Hair.

(A physician's prescription.) Sugar of lead—1 ounce; lavender oil—1 ounce; alcohol—1 ounce; glycerine—1 ounce; water—1 ounce. Mix all in one pint of soft water. Apply to the roots of the hair, which must be clean.

The dye should never be applied if there is any irritation or abrasion of the skin. The brown spots or eyelashes will not harm the eyebrows, and will not wet them continually. Rub with cocoa butter after the hair is dry.

To Make the Hair Curl.

Will you kindly tell me through your valuable paper a recipe to make the hair wavy? My hair is a pretty brown, very fine, but straight.—Mrs. J. L. T.

To Make the Hair Curl. Potassium carbonate, 10 grams; ammonia water, 100 grams; water, 100 grams. Mix all in one pint of soft water. Apply to the roots of the hair, which must be clean.

To Make the Hair Curl. Potassium carbonate, 10 grams; ammonia water, 100 grams; water, 100 grams. Mix all in one pint of soft water. Apply to the roots of the hair, which must be clean.

To Make the Hair Curl. Potassium carbonate, 10 grams; ammonia water, 100 grams; water, 100 grams. Mix all in one pint of soft water. Apply to the roots of the hair, which must be clean.

To Make the Hair Curl. Potassium carbonate, 10 grams; ammonia water, 100 grams; water, 100 grams. Mix all in one pint of soft water. Apply to the roots of the hair, which must be clean.

To Make the Hair Curl. Potassium carbonate, 10 grams; ammonia water, 100 grams; water, 100 grams. Mix all in one pint of soft water. Apply to the roots of the hair, which must be clean.

Rubbing Sometimes Helps

Aromatic Spirits of Ammonia Tones Up the Stomach

NOTHING in all the category of little illnesses, which are so many and varied, has the faculty of making you feel so absolutely wretched as does a sick headache of the real, old-fashioned type, from which so many women suffer.

Often, it seems to have no connection with the stomach, and the sufferer will complacently inform you that "it's just a headache." But if the stomach is in perfect order, it is a mighty exceptional case where nerves alone cause it.

At any rate, from whatever cause they come, getting the stomach right is the first step; getting the blood away from the head the second; and rest, to effect a cure.

Often bicarbonate of soda—half a teaspoonful in a little water—will correct the acidity of the stomach. Aromatic spirits of ammonia is another good thing to take at such a time; and an occasional woman finds her greatest relief comes from mixing them.

Putting the hot mustard water and keeping them there for full ten minutes is the quickest way in bling relief, and does it by drawing the blood, which seems to be all in the head, away from it.

The best test as to whether or not the water is at just the right temperature is to try it with the back of your hand. If the skin, which is very sensitive there, can stand it, it is not too hot. For the woman who finds the hot water something of a shock, the best way is to partly fill bucket or foottub with warm water, and gradually add very hot water until the receptacle is full.

If the headache has any connection with the eyes, a splendid treatment is that of wringing out a flannel from boiling water and laying the rags upon the eyes as soon as they cool—just enough to be warm. Two rags, and a course of short, clean sticks (forks will do if you haven't sticks handy) are necessary, the second rag put in the hot water as soon as the first one is taken out. The sticks are for wringing the cloths when you can use so much hotter water than if you limit it to that only warm enough to let you put your hands in.

Repeated applications are bound to help, and in nine cases out of ten to cure the headache. For that obstinate tenth case, try alternating the treatments of hot water with a rag wrung out from ice water—a sort of Turkish bath in a very small way. If possible, with the window open so that plenty of fresh air circulates through, and in a very little while your headache should be a thing of the past.

But if you are wise, and want to avoid sowing the seeds of the next headache consequent upon severe suffering of any sort, leave you, and don't be in too great a hurry to eat—restrain your appetite for a few days.

Some Helps on the Care of the Face and Hair

Massage the bust from underneath upward and out in a series of rotary motions. Make the movements slowly and gently, as haste or heavy pressure will do harm in this region. Deep breathing and chest-expanding exercises are just as necessary for you as massage.

Massage Cream for the Bust. Lanolin, 3 ounces; spermaceti, 1 ounce; mutton tallow, freshly tried, 1 ounce; sweet almond oil, 4 ounces; oil of sweet almonds, 4 ounces; extract of benzoin, 1 dram; extract of Styracine, 1 ounce; oil of rose, 1 ounce. Rub in gently at night.

The Remedy is Harmless. I want to know if Dr. Vaucaire's Remedy for the hair will make any one sick while taking it, and if the prescription one uses will be enough to make one sick.—Mrs. J. L. T.

Dr. Vaucaire's Remedy is perfectly harmless. I cannot tell you how many times I have used it, and it has never made me sick. I would suggest that you take the treatment until satisfactory results are obtained.

Massage for the Bust. While you kindly give me information in regard to enlarging the bust, I want to have a good bust, but place nursing two children have none to mention. Am I to let my bust remain as it is, or is there any of my former plumpness possible?—Mrs. J. L. T.

Massage is an excellent method for bust development. The movements, though firm and regular, should be gentle. There is no part of the body so susceptible as the bust. It is very easily injured, and it is very easily restored to its former plumpness.

In the Autumn. I would like to make the brown hair eye or even walnut shells, but have been unable to secure the shells. Could you please tell me when and where I can get them, and where the preparation is made? Will it keep in the autumn?—Mrs. J. L. T.

Mrs. Henry Symes' Advice to Correspondents

Recipe Repeated

Will you kindly publish in your health and beauty column a recipe I have lost? I saw Janine and Elvira for external use under the eye. I cannot remember the quantity. I have been benefited so often by your recipes I want to try this one.

The formula to which you refer is as follows:

For Puffiness Under the Eyes.

Apply by means of a brush or a bit of cotton to the heavy skin night and morning.

Prices Very Greatly.

The only way in which I can assist my readers to obtain Dr. Vaucaire's best developer, is to give them the best formula, which frequently appears in this column. Any first-class druggist will fill the prescription, even if he has not all the ingredients himself, for he knows, or should know, where to get them. The prices, probably vary in different localities, since various dealers set their own prices.

Gather Them Yourself.

Can you tell me where to get the water for the hair? I have tried in Baltimore and Philadelphia, and was unable to get them in either.

Do you use just the skins of the green shells?

"Shells" and "skins" are different terms. In this case, I have lost the article referred to is the thick, tough skin that surrounds the hard, woody shell of the black walnut. It is this that contains the stain. You will have to use your own judgment as to where you can obtain the skins, though a druggist or chemist should be able to find them for you.

However, the best way of all, and certainly the most successful, is to go and gather them yourself, in the autumn, when the nuts are ripe.

Falling Hair.

Please publish a hair tonic for me. My hair is falling out very fast, and I am very thin. I have used Dr. Vaucaire's remedy, but it has not helped me. Please advise me.—Mrs. J. L. T.

My hair is so very oily I wash it twice a week and in these few days it gets very dry. It is almost necessary to wash my head every day.

I should be very thankful indeed if you would publish a good tonic to prevent the hair from falling out and make it grow again; also to help this very greasy hair of mine.

Discontinue this frequent washing of your hair, and shampoo about once a month. Apply this lotion to correct the stiffness.

Formula for Oily Hair.

Use the following mixture daily, rubbing well into the scalp.

Alcohol, 2 ounces; witch hazel, 2 ounces; rosewater, 1 ounce.

Then use the laborant tonic, which has less oil than many others.

See Answer to "Mrs. R. H."

After having cut out a recipe I saw in your column for enlarging the bust, I want to know if it will make me sick.

The dose is two teaspoonfuls with water, three times a day.

The dose is two teaspoonfuls with water, three times a day.

The dose is two teaspoonfuls with water, three times a day.

The dose is two teaspoonfuls with water, three times a day.

PROPER & EXCLUSIVE

COMING OF THE
GOVERNOR-GENERALTHE ARRANGEMENTS
FOR HIS RECEPTION

The City Will Present 'Holiday Appear-
ance During the Time He Is
Here.

The latest word received at Govern-
ment House from Capt. Trotter, A. D.
C. to His Excellency, Earl Grey, gives
the information that the latter is pro-
gressing satisfactorily and will reach
here according to arrangements already
made. He will arrive at Vancouver on
Wednesday evening and proceed to
Victoria by the D. G. S. Quadra on Fri-
day, attending here about 4 o'clock. It
is expected.

According to the arrangements for
his reception a guard of honor drawn
from the Fifth Regiment under the
command of Capt. Angus, with Lieut.
Booth and Duncan as subalterns, will
be attending him. The regimental band
will be present also.

After inspecting the guard His Excel-
lency and party will proceed to the
government buildings. It is intended
that the roadway to the buildings will
be lined with school girls in white, who
will throw flowers in the carriages as
they pass.

If the weather is propitious there will
be massed on the steps of the build-
ings a large number of school children
and the members of the various mu-
sical societies of the city, who, led by
the band, will greet Their Excellencies
with patriotic songs.

Earl Grey will be met by the mayor
and council and the civic address pre-
sented to him. It has also been ar-
ranged that the great grandson of the
first governor of British Columbia,
Master James Donald Douglas Douglas,
the little son of A. D. Douglas, will pre-
sent the Countess Grey, with a bouquet.
This suggestion of the Mayor has been
acquiesced in by Mrs. Douglas, and
Master Douglas will perform this func-
tion.

After the formal reception to the city
the vice-regal party will be driven to
Government House, where they will be
the guests of Hon. James Dunsmuir
and Mrs. Dunsmuir during their stay
in the city.

It has been arranged that a number
of arches shall be put up on the streets.
One will be placed at each of the en-
trances to the parliament grounds.
This will be the work of the J. B. A. A.
There will be an arch representing the
fruit and flower production of the city
and district. This will probably be
placed on Government street about op-
posite the post office. The Chinese mer-
chants will have an arch at another
point on Government street, probably
about the corner of Yates street, and
the Japanese will put up a bamboo
arch somewhere on Yates street.

With other decorations along the
streets the city will present a very
pretty appearance.

On Saturday afternoon a launch will
be taken and His Excellency will
cross the water front to Esquimalt, in-
specting the forts, etc. At Rod Hill
afternoon tea will be served by the
officers of the Canadian forces at Es-
quimalt. Saturday evening will be free
from all formal affairs, and on Sunday
morning His Excellency and party will
attend service at Christ Church
cathedral.

On Monday an opportunity is to be

afforded Earl Grey and the members of
his party to see the city of Victoria.
All the guests of the Mayor and alder-
men they will be driven about the city
probably by trolley.

In the evening an official dinner will
be served at Government House, after
which Their Excellencies will proceed
to the government buildings, where,
commencing at 8.30, a public reception
will be held. The details connected
with this function have already been
given in these columns. An intimation
has been received from Capt. Trotter,
A. D. C., that evening dress will not be
insisted upon at the reception.

On Tuesday Earl Grey leaves in com-
pany with Hon. James Dunsmuir on
the latter's first Thistle on a fishing
and hunting tour.

WILL ENDEAVOR TO
SETTLE RESERVE QUESTION

(Special to the Times.)

Ottawa, Sept. 10.—Frank Pedley,
Deputy Minister of Indian Affairs,
leaves to-night for Victoria, B. C. He
goes to meet Hon. Mr. Templeman and
will endeavor to arrange with the
Indians to remove from the Songhees
reserve to some other point.

This reserve is encroaching on the
City of Victoria and efforts have been
made for some years to have another
one selected.

MANUFACTURING CENTRE.

Eastern Firms Are Looking This Way
For Establishing Works.

G. Jones, who has just been appoint-
ed general agent for Vancouver Island
of the Great West Loan & Savings
Company, regards Victoria's chances
from a manufacturing standpoint as
excellent. Mr. Jones has had consid-
erable experience in organizing joint
stock companies to engage in manu-
facturing. Just before leaving Winni-
peg he was instrumental in organizing
a large company to go extensively into
the making of wire fencing, for which
there is an immense demand by the
railway companies and farmers. He
has also organized other concerns, and
is in close touch with the manufactur-
ers of Toronto, Brantford, Hamilton,
Peterboro and other centres of the
East.

Mr. Jones says that the eyes of the
eastern manufacturers are turned to-
wards British Columbia, and they seek
somewhere to establish in order to sup-
ply the provincial and the foreign
markets which go by the Pacific route.
Winnipeg firms requested him when
he came West to get information rela-
tive to this for them. His friends far-
ther East did not know of his coming
West, but they will likewise be desir-
ous of getting this information. He is
therefore seeking to acquire the fullest
knowledge of conditions here before
the arrival of the delegates of the
Manufacturers' Association, who are
coming to the coast.

This they will want to know, and
he advises the Victoria Board of Trade
to be prepared to impart to the man-
ufacturers when they arrive all the in-
formation they can give. There are
opportunities, he says, for bringing
concerns to the city, and these should
not be overlooked.

THE CAPITAL'S ANNIVERSARY.

Premier of Canada Makes Timely Sug-
gestion for Its Celebration.

(Special to the Times.)

Ottawa, Sept. 10.—Sir W. Laurier open-
ed the Canada Central fair at 2.30 to-day.
In an address presented to him by the
president of the fair, he suggested that
the Dominion government grant of \$50,000,
which this year goes to Halifax and last

Everybody Smokes Old Chum.

WINDOW DECORATION
WITHOUT BLINDS

This treatment relies entirely on Curtains, and does away with the use of blinds; it is extremely
HANDSOME, and has an artistic effect of a most distinctive character. The Casement Curtains
are in two pairs, one for each sash. This is a decided advantage, as they can be moved separately.

The best materials to use are: fine chintz, 31 inches wide, at
30c. per yd.; or the new art linens in tapestry designs, 33
inches wide, at 55c. per yard; or rich muslins, 50 inches
wide, at 35c. per yard. The muslins must be of a close
texture—an open fabric would not be sufficient protection
against the sun.

The side Curtains and Valances are in Impression-de-
China, the beautiful new art fabric 50 inches wide, at \$2.25
per yard; or Cotton Taffeta, in rich floral pattern, 50 inches
wide, at \$2.25 per yard. In cases where the Impression-de-
China is considered too expensive to use, a very beautiful
effect can be made by substituting Liberty Art Fabrics, of
which we have a large stock in many different designs 31
inches wide, at 30c. per yard.

Our Drapery Department on Second Floor carries a large
range of all the materials mentioned above. Samples will be for-
warded free on application.

The Panelling at foot of window is from our Factory, and can be made in Oak, Cedar or
Native Fir, either from our own designs or from your architect's.

year was given to New Westminster.
This would be a fitting time, as next year
will be the 50th anniversary of the seces-
sion of Ottawa as the capital and the 40th
year of Canadian federation.

TWO HUNDRED AND FIFTY.

FIVE PERSONS BURIED

(Associated Press.)

Tiflis, Sept. 10.—Practically without
warning, the side of a mountain rising
above the township of Kwareli broke
away and in a sea of semi-liquid mud,
sand and stones, swept down on the
township and overwhelmed and oblit-
erated it.

Some 250 persons have been buried
alive. Fifty-five bodies have already been
recovered from the mire, which is
about six feet deep.
In addition to the lives lost countless
numbers of cattle perished and the
crops were destroyed.

Kwareli township covers an area of
five kilometres in the district of Tella,
Caucasus.
Similar disasters are of common oc-
currence in Caucasian valleys.

MAY TAKE SEATTLE RUN.

Rumor That Boat Running to Sound
This Winter Will be Princess May.

There is a rumor on the water front
that the C. P. R. steamer running to
Seattle this winter will be the Princess
May. This ship is speedier than the
Princess Beatrice, which provided the
service last winter, and has the addi-
tional advantage of being able to accom-
modate more passengers.

The Princess May arrived from the
North this morning after landing nearly
all her passengers at the Terminal City.
These included Boiler Inspector Richard-
son, who reports that the water in the
Yukon is falling rapidly. There is little
freight moving and what is being carried
North is being handled by Canadian ves-
sels.

On her return trip the steamer had the
last contingent of Japanese fishermen
from the Skeena river.

MARRIED.

PAINE-KINGSLEY—At Vancouver, on
Sept. 5th, by Rev. Charles Ladner, J.
B. Paine and Miss Ethel May Kingsley.
ley.

NEW ADVERTISEMENTS.
